### COACH'S CORNER

*Mimi Gamel—Graduation Coach*

Spring Fever! A survey completed by the Love and Logic Institute found 75% of American adults believe teenagers today face more serious, potentially life-threatening decisions than a generation ago. These decisions, combined with a strong dose of hormones and the vacations and parties associated with springtime, can challenge the most sensible teenagers. Fortunately, there are some simple, time-tested tips for parents who want their teens to make cool decisions as the weather gets warmer. In his book, *Love and Logic Magic: When Your Kids Leave You Speechless*, Dr. Charles Fay provides a host of helpful tips for teaching values, as well as handling other perplexing parenting issues. For more information about Love and Logic, call 1-800-LUV-LOGIC or visit [www.loveandlogic.com](http://www.loveandlogic.com).
